Revised June, 2013

About this Handbook

This handbook reflects the mission, goals, expectations, policies and procedures of the Diocesan Youth Sports League and may not undergo further revision without the expressed consent of the Principals' Sports Committee and/or the administration of the Department of Catholic Schools. It is expected that all participants and engaged in the Diocesan Youth Sports League will uphold the mission, goals, expectations, policies and procedures contained herein.

A Prayer to See God in Youth Sports

We pray for young athletes...

Who, through sports, develop important values such as loyalty, perseverance, friendship, and sharing.

We pray for coaches...

Who appreciate the gifts of all players and have respect for the game; who place players before winning and value sportsmanship.

We pray for parents...

Who love their children for who they are, not for how they perform.

We pray for officials...

Who inspire fair play and protect the integrity of the game and players.

*O God, we pray for all who participate in games;
may their hearts be open to see your presence in and through sports;
may their minds remember the element of fun reflective of your Spirit;
may their bodies reflect the gracefulness and wonder of your creation.
Let all who play the games be enriched by your presence in the gym,
locker rooms, and on the fields. Amen.*

Framework of the Diocesan Youth Sports League

Students participate in three separate sport seasons: volleyball, basketball, and track & field. The league is divided into two levels of competition: junior varsity and varsity.

The structure and intent of the junior varsity level is primarily to teach basic fundamentals and skills, sportsmanship, and to prepare athletes for the varsity level program. The junior varsity program, beginning at the fourth grade level (for some schools), is structured to offer students an opportunity to compete and play. Schools may field as many junior varsity teams as necessary to accommodate the number of students wishing to participate.

Please refer to “General Rules” for specific “Age Allowances” for the junior varsity level.

The varsity level program is offered primarily to 8th graders , with some underclassmen involved, to engage them in the highest level of competition available. This level includes more practice time, a greater number of opportunities for competition, experienced officials and the use of indoor sport facilities as much as possible. The intent of the varsity level is to prepare our athletes for the next level of competition, i.e. high school. Each school is allowed one varsity level team per sport and season. Any 8th grader who wants to join a team **MUST** be allowed to participate at the Varsity level regardless of skill or experience. Underclassmen can play on the Varsity team if deemed necessary by the school’s Athletic Director.

Prayer Before Games

*Heavenly Father,
Be with us
As we begin this competition.
We thank you for the gifts
Of our health and strength.
May we represent
Our parents, teachers, coaches, and You well.
May we enter this game with
Spirit, good sportsmanship
And appreciation of each other and the game.
Amen.*

*****It is intended that this prayer be prayed in unison by all teams prior to the start of the competition, and be led by an individual (i.e., Coach or AD) of the HOME team.**

Track and Field

The official rules that will be used are those published by the National Federation of State High School Associations. The following are the exceptions or additional guidelines:

1. Track consists of a variety of competition as follows:

a) Salpointe Relays

The Salpointe Relays is the first meet of the year. Both Varsity and Junior Varsity players may compete. The Salpointe Relays are used to place teams in competitive categories that will be used for the remainder of the season. Any individual performance in the field events are used as qualifying attempts for the track and field Finals. Each school is may enter 1 non-scoring team in the 4x100, 4x200, Sprint Medley, and JV Sprint Medley. Because field events are use for qualifying, 1, 2, 3 or 4 athletes can be a team. Running events must consist of 4 athletes. All scoring, including field events, is based on a four (4) person relay team. Field events will be scored at the Varsity level.

b) Cross Country

A race of approximately 1 ½ miles in a non-track setting is held twice; preliminary and final. The entire track team can participate as a conditional exercise, but a minimum of ten is needed to compete as a scoring team. Scoring teams must consist of five (5) boys and five (5) girls. All other runners are considered non-scoring. This part of our program is intended to interest more athletes in the longer distances. Medals for first, second, and third place are awarded to individuals for each gender. Ribbons are awarded to team in 1st through 6th place. A trophy will be awarded to the first place team.

c) Normal meets

Normal meets, involving half of the schools at a time, occur twice. This is the first opportunity that each athlete can compete individually. Each school is limited to two athletes in lane events, unlimited athletes in non-laned events, and four athletes in field events. Non-lane events may have an unlimited number of athletes. These meets provide an opportunity for the individual to find their strengths and devote extra work on their weaker areas. The performances in the field events are used as a qualifying attempt for the finals.

d) Field Event Invitational

Field event invitationals, involving half of the schools at a time, give the athlete one more opportunity to perform a qualifying mark in the field events. Four competitors per event per school can compete, but since this is done on a school night, the number of attempts is reduced.

e) Qualifying Meet

The Qualifying Meet is for running events only. Each individual is allowed two running events plus the relay, but the school is not limited as to how many athletes can be entered in any one event. Only the best performances at this meet qualify an athlete to participate in the individual running finals.

f) Finals

The finals are only for those who qualify: the top nine performers in lane events and the top twelve in all other events both field and running. Medals are awarded for first place, ribbons are awarded for second through sixth places, and trophies are awarded to teams as follows: 1st through 3rd for both boys and girls and a combo trophy for 1st place.

2. All track officials are volunteers from each school. It takes approximately thirty (30) people to run a track meet. Each school is required to supply at least one person to be trained to be in charge of some activity at ALL track meets. If a volunteer can not be found, A COACH OR AD will be required to take charge of an activity. It works out best when that person who is in charge works all meets and other people from that school assist in the assigned job.
3. All players on a team will wear like-colored uniforms (which include no trim of a different color) consisting of shirts and shorts. Each player shall be identified by a number on the uniform. The number shall be at least four inches high on the front of the shirt and at least six inches high on the back of the shirt. Appropriate playing shoes shall be worn. No track shoes with or without spikes will be allowed. Participants will not be allowed to run in bare feet or socks only. If a player wears an undershirt, it shall be white only. Players shall not wear undergarments or tights which extend below the uniform shorts. Exception: compression shorts which are unadorned, of a single color and similar to the predominant color of the shorts and do not extend below the knees may be worn. Athletes **MUST** wear matching socks of a solid white color only, which shall be of equal length, no higher than the knee and no lower than the ankle. Players shall not wear uniforms which include advertising or a partial/whole manufacturer's logo or trade mark which exceeds 1 ½ inches high by 1 ½ inches wide, or appears more than once on each piece of the uniform. All competitors are to wear their team uniform. Failure to comply means disqualification.
4. All athletes are to be in legal uniform in order to compete. In case of cold weather, coaches are to use their best judgment and if necessary, allow the athlete to also wear sweats as a means to stay warm and healthy. The sweats may or may not be of a color matching the uniform. The intent is to not cause additional expense to the families, but rather protection to the athletes. This does not excuse the athlete from being in legal uniform. The jersey is to be worn on the outside of the sweatshirt to allow all parities to identify all players at all times. Sweatpants can be worn either inside or outside the shorts. All other items worn, such as those mentioned above, must comply within the uniform regulations.

5. Starting blocks may be used.
6. The start time of the events will not be delayed for latecomers, which includes participants competing in other events. Make sure athletes report in to the proper official and are sure of starting information.
7. Junior Varsity team consists of 4th (in some schools) through 6th graders, provided a player meets age eligibility. 7th and 8th graders must compete as Varsity participants.
8. In normal meets and the final meet, each individual will be allowed three (3) events plus the relay; two (2) running events and one (1) field event or two (2) field events and one (1) running event.
9. Scoring will be 10-8-6-4-2-1.
10. The hurdles, 100, 200, Varsity 400 yard dashes will be run in lanes. The Junior Varsity 400, 800, and 1600 meter will be a bunch start.
